how to put on your faja

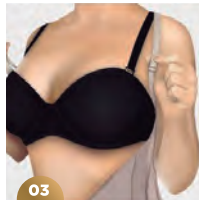

Dolls, please be aware that at first you will struggle and will have to wiggle a lot when putting your faja on, this is absolutely normal so please stay calm and **DO NOT PANIC**. Before putting on, make sure your body is dry and with no body oils. Please remove rings or bracelets.

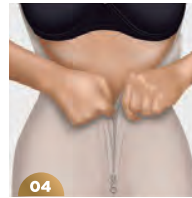

Place both legs through the openings and gently work the garment upto your waist, making sure that the groin area and genital area is aligned.

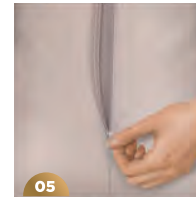

Please make sure that the buttocks seam line sits in the crease of the buttocks. Yes, make sure to wiggle wiggle so it sits correctly. **NOTE:** Please be careful with long nails & jewellery as it can tear the lace.

Put straps over shoulders and adjust if needed.

Start fastening the hook and eyes from the bottom to top of the faja. When pulling to buckle the faja please use your fingertips, not your nails.

When the faja is fully on, adjust it again to suit body shape.

After all of that wiggle, you are now ready to look **STUNNING** and show off those curves!

how to wash your faja

To make sure your faja retains its elastic properties and longer life, please follow the instructions below.

-  Hand wash in lukewarm or cold water with mild detergent.
-  To remove blood stains, use a pre-soaking solution of a tablespoon of hydrogen peroxide in a gallon of water.
-  Use a small sponge and gently rub the inside of the faja to wash away stains or dirt.
-  After it has been cleaned, rinse the faja thoroughly with your hands and gently squeeze the excess water.
-  Always Air dry your faja flat or hanging.
-  **DO NOT** tumble dry twist, iron or use bleach.

faja tips

- Have more than 1 faja so you can alternate them.
- Take your faja off for 1-2 hours daily so the body can rest.
- Fajas should be tight but comfortable
- Fajas can start to feel loose within days due to decrease in swelling, take the faja in or buy a size down.
- If you are using ab boards/ foams alongside your faja we **HIGHLY RECOMMEND** to purchase one size up.
- Wash your faja regularly to avoid infections.
